Head Nurse

Tommy is all fucked up. He shouldn't have taken his quad down that embankment. What were you thinking, Tommy? He has months of rehab. Fortunately, Carmel Moore is a really good, if somewhat unprofessional, nurse. She'll change Tommy's bandages, massage his prostate, and make sure his balls are well drained of excess fluid. He's in good hands. It's nice to know that even if Tommy won't be up and around for a while, his dick will be!

Anal Nurse

I just got my nursing license. It says Mika Tan, RN, And my cool, white nursing uniform? It's right over there, laying across a chair. My very first patient has come in and the doctor asked me to photograph and video the appointment so he can study it later. The patient's cock is always in an ass hole. Now, I can fix that.

doctor, doctor i got a bad case of lovin' you

*There's always been hanky-panky between doctors and nurses
but it's kept on the down low. I had never been caught up in that...
until Dr. Jacob Davis,,,*

*i*t was a blustery afternoon one late day last October. While searching for a parking spot underground at the University Hospital, I noticed Dr. Davis, closing his car door and heading towards the garage elevators. I found a spot to park, grabbed my purse and umbrella and ran to catch the elevator with him. As I was opening my umbrella to protect myself from the circling winds and sprinkles blowing into the underground parking garage, Dr. Davis turned to notice me fighting against the wind.

"Watch your step," he said, as he held the elevator door open for me. We made small talk while the elevator took us to the fourth floor. As the elevator door opened, he said, "Ladies first." I smiled and said, "Age before beauty." Dr. Davis raised an eyebrow and laughed saying, "I haven't heard that in a long time." Dr. Davis was only five years older than me, that's probably why he found what I'd said so funny. I stepped out the elevator, smiled winking one eye, saying "Have a great day." While trotting down the hall towards the nurses' station, I turned

my head back to see Dr. D standing in front of the elevator doors with his head tilted, watching me. "Hmmm, I wonder what he was thinking about?"

An hour into my afternoon shift, Dr. D was standing at the nurses' station going over a patient's chart. I was working at a computer nearby and looked up and saw one of the other nurses bringing the doctor up to date on one of our patients. I listened while the doctor asked the nurse about the patient's appetite. He then glanced towards me and that's when our eyes met, and shyly I lowered my eyes back down to the monitor.

As the day went on and I made my usual rounds taking vitals, temperatures, and making sure all my patients were comfortable, I couldn't help but think about Dr. Davis. Around eight that evening, I walked into one of my patient's room to check on him. I wasn't anticipating to see Dr. D standing bedside with his stethoscope listening to the man's lungs. I went to quietly turn around and leave, but Dr. D said "No Sandy, you don't have to

leave. I'm just finishing up." I stood at the foot of the bed and listened as the doctor encouraged the patience to lose some weight and so that his heart wouldn't have to work so hard.

I did a couple small things and asked the patient if there was anything else. He said 'No.' Then Dr. D and I walked out together. He put his arm around my shoulders and guided us out of view from the nurses' station. I stood nervously looking up at him, wondering if he was going to kiss me or something. He asked me if I would have dinner with him after our shifts were over? Without thinking, I responded, "Sure, I'd love to." I then asked him what restaurant he'd like to meet at?

He looked me up and down and said, "Restaurant? No! My place, yes!"

I began to think of what might happen between the two of us tonight as I drove home. I cleaned up, put my best make up on and threw on a short, black, tube dress and grabbed my red heels. I heard a car horn and I knew he was here to pick me up. He must have been around the corner when he called. I got up to the door and peeked through the hole... it really was him... Dr. Jacob Davis! I unlocked and opened the door. I thought to myself, 'tonight is going to be interesting.'

It was a pleasant drive back to his condo. We parked underground and took the elevator to the 38th floor of the high-rise. His place was modest and nicely furnished. A well-stocked open kitchen that joined a rather large dining room with a beautifully wood-grained table that easily sat eight. The food smelled great

and after a couple sips of wine he went to the buffet and served the food. We sat kitty-corner to each other and after an hour of hospital related jibber-jabber food we settled into the living room. I stood at the floor to ceiling windows looking out over the city lights. Jacob walked over to me and stood next to me. We both looked out into the night.

We looked at each other and he grabbed my shoulders put my back against the window and started to kiss my neck. I had no choice (not that I wanted one) but to surrender to Jacob's wanting mouth. I loved every second of it. Then, he picked me up and carried me to his bedroom. It was just as I had imagined. A big comfy bed and Jacob's hot, half-naked body kissing me passionately.

I felt him grow hard through his slacks. I knew instantly that this man was not small. I giggled at the thought. He found the zipper on my dress and pulled it off of me and then sat back to admire my body. "You keep this amazing

body hidden under those scrubs all day?" he said. Then he tore off my bra and panties and I pulled off his slacks and boxers.

'Damn,' I thought, he was even more amazing naked than I had imagined. I leaned over to his rock-hard cock standing at perfect attention and slowly started stroking it. Then I lowered my lips to it and began to suck and lick up and down the shaft. One hand was swirling up and down at the base and my other started playing with his balls. Jacob's breathing was deep and rapid and he breathed out, "If you are going to be that amazing, I'll return the favor. Get that sexy pussy over here."

I quickly shifted my body around so I could sit on his face and bend over and continue to suck and play with him. He at first teased my slit with his tongue and then dove in and tongue-fucked my tight, wet pussy. The faster he went, the harder and faster I sucked him, taking breaks to swirl my tongue under the tip of the head. He then started tonguing my clit and I took a break from sucking him long enough to breathe out, "Jacob, please use your fingers, too." He was happy to oblige. I was going to cum. God, he really was amazing. "Oh fuck, Jacob, I'm going to cum!"

I started grinding my hips over his face and used his big cock as a pacifier for my moans. Finally, I came all over Jacob's face and he loved every second of it. He licked me up one last time before telling me how he wanted to fuck my tasty wet pussy. He turned me over on my back and put my legs over his shoulders. He teased me just a little with the tip of his cock. He put it into me and both of us let out a loud moan. He started fucking me with deep slow strokes. Then his pace increased and I started moaning and telling him that I was going to cum again. He didn't stop, he kept fucking me until he heard me moan and felt my hot cum all over his cock. That alone made him want to cum but he knew he had to hold on, just a little longer.

He told me to turn over and I did, putting my face on his pillow; and stuck my ass up in the air. He slowly started to fuck my pussy again. He went slow and deep and occasionally patted my perfectly round ass. He wanted to hear me moan again and I did. "Mmmm, Jacob that feels so good." He knew what I wanted, I wanted to cum again for the third time. He increased his speed but kept pushing that cock deep into me every time. He was mov-

ing in and out of me hard and fast and I was moaning, almost screaming into the pillow. He kept going until I let out an "Oh fuck!" and he felt my hot juices around his cock once again. "Jacob, I want to ride you...now..."

He lay down and I got up on top of him. First I just ground my pussy down on top of him, he felt so good between my thighs. I couldn't help but think how good his big cock felt inside of my tight pussy. I ground my hips down on him and then started to move my body up and down on his cock. Slowly at first, and then I sped up and watched him, his facial expressions. We stared into each other's eyes and I moved my body up and down on his and would occasionally grind on him. I knew he was about to cum and so I slowed down to just a hard grind again.

Then I started to speed it up again. I was about to cum and so was he. I rode him faster with my hands pushing down hard on his chest. Our timing was perfect. We came together and as their bodies shook with pure ecstasy, I collapsed on his chest and he held me in his

arms. When we caught our breath, we looked at each other and smiled. "You know," he said, "if you're going to be my fuck bunny, there is something you have to do..."

"What's that?" I looked at him with a little smile.

"Call me Doctor..." he responded with a smile and a small twinkle in his eye.

I giggled and looked at him with a naughty smile and said, "Ok, old man, you let me know when you are ready to go again, and I may just call you Doctor."

"Oh you're gonna get it for that one." And he pulled me over and started kissing me again...

TEMPERATURE'S RISING

After hours, we would put the clinic's beds to good use!

After high school I went to college and got my degree in nursing. It was a lot of work, but it's paid off and I do well. I didn't have a lot of time for men then, and my sexual appetite was reduced. I still love sex, but now I go for quality, not quantity. After college, I worked as a nurse in a hospital for a while before landing my present job at a medical clinic. This is where I met Andre. He's a doctor, about 38, over 6 feet tall, dark hair, and very handsome. He's everything a woman could want, smart, funny, and a real hunk.

Anyway, we both work the late shift, from five to ten, when the clinic closes. Past nine o'clock, the place usually gets pretty dead. As a result, there aren't too many people working past eight. About a week ago, we were alone at closing time. The other doctor left early, and the senior nurse asked if I would stay to help out Andre. Of course I accepted. Who wouldn't want to be alone with a handsome doctor. Sure enough, after we had locked the doors and shut the place down, Andre started making passes and flirting. I responded enthusiastically. He wrapped his arms around me and kissed me so passionately, my knees almost went out.

Within minutes, we were naked on an examination table doing a sixty-nine, with me on top. His cock was just like the rest of him, tall, strong and handsome. I hungrily sucked on it as he licked my clit. In about five minutes, I felt myself about to come and started to squirm my ass around and moan. He knew it and really went to work

on me. I came really hard, almost screaming while I still pumped on him. When I finished my climax, I moved off of him and continued to work on his cock. He laid back and moaned as my lips moved up and down on his hard shaft. It only took a couple more minutes before he told me he was about to shoot, and did just that. His cum tasted so sweet, I had to swallow every drop. He came so much, I didn't think I could take it all, but I did.

He then pulled me up to him and rolled me onto my back and started to kiss me all over, paying extra attention to my nipples. Within a few minutes, I was excited again and he was hard. He slipped his dick into my wet crotch and started to slowly fuck me. His strokes were slow and smooth. With the passing moments, he moved faster and faster until he was pumping me like an animal. I wrapped my legs around his waist, and his manhood penetrated me even deeper. Again I was about to cum. He too, was about to climax. Our moans mixed together and echoed through the clinic as I felt his hot jism shoot inside me as I released my climax.

It was almost a week later before we could chance anything again. The other doctor told Andre he would have to lock up the next night. Getting the other nurse out early was easy enough, since she likes to leave early anyway. So we planned to have another encounter the next night. I wanted to be well rested for a long night tomorrow. The next day I got ready for work and put on my lingerie. It was a matching set of white lace bra, panties, garter belt

and sheer white stockings. Andre was there, and it was hard to work so close with him and not erotically touch him. Finally, ten o'clock came around. When everybody had left, I slipped into the back room, and traded my sneakers for four inch white high heels. I looked like I was about to step into a porno movie about a horny hospital.

But I didn't care, I was horny, and felt very sexy.

Well, I went back into the bowels of the clinic and met Andre there. He had shut off most of the lights, and locked the doors. When I walked in, his eyes almost popped out of his head. I stood in the doorway, giving him a very sexy pose, and asked him if he liked what he saw. He eyed me up and down for a moment, then told me yes. I told him that tonight was his night, and I was his to do what he wanted. He told me to come over and sit down on a stool. We use them in the examination rooms for the doctors or family to sit on. I did as he asked, crossing one leg over the other, showing the tops of my stocking from under the hem of the uniform.

Before I knew it, I was getting hot between my legs, just waiting for what he was going to do next. After several minutes, he led me over to a recovery bed. He then unzipped my uniform, and let it slide down my body. I wanted to throw my arms around him and screw him on the spot, but I stood at attention as he walked around me looking over my lingerie covered body. He then ordered me to kneel in the center of the bed. I did as he said. He then made me spread my knees apart, but crossed my legs at the ankles. I was slightly uncomfortable, but plenty open and available for whatever he wanted to do. I found myself getting more and more excited. I knew that sooner or later, he would have his pleasure with me. The anticipation of when it would happen just made me more excited. He was getting really turned now, for the lump in his pants was growing even bigger.

He then came over to me and slowly caressed my body

all over. Then, with a flick of his fingers, he unhitched the hook on the front of my bra and slowly pulled it behind me. My nipples were standing at attention. He played with my boobs for some time, caressing, squeezing and pinching them. He took me over to the examination table, and made my lay on my back. He slowly reached

up and pulled my very soaked panties down my legs. Andre then pulled the metal leg stirrups we use for examining maternity patients out from the table. He placed my feet into them, my heels through the openings.

The end result was my body was naked except for garter belt, stockings, heels and my nurses hat. My body on the table, my legs were up in the air and spread apart, and my pussy was wide open. He put on a surgical gown and mask, and a pair of rubber gloves. At first, I thought he was going to operate on me or something, but then I realized, I was about to get the most erotic examination of my life. He started with my wet pussy. He inserted a finger and held it there, wiggling it every now and then. He played it straight, getting me really hot in the process.

After my 'temperature' was taken, he next proceeded to give me a breast exam, listen to my heart beat, then my pussy, which he said was calling for relief. Then finally he decided to probe me. First, he shoved one then two fingers up into my pussy, moving them around and fucking me with them. He then greased up a finger and shoved it up my ass. I felt so wild, especially when he then played with my clit at the same time. I came within a minute, screaming like I was dying. My muffled scream seemed to please him, and when I had finished, he pulled off the latex gloves.

Again he probed my clit with his fingers, 'to find the right spot,' he said. He then moved down between my legs, pulled his mask down and dove in to eat out my pussy. He started out fast, getting me going. His tongue flicked over my clit, then plunged deep into me. He sucked on

my clit, and lapped up my juices. Then, just when I was about to cum again, he slowed down, knowing just how far to push me until I couldn't hold back. After a minute, he sped up again, getting me back to a climax level and holding me there. Again and again he did this. I thought I was going to die. I moaned and groaned, and the sweat poured from my body. But he just kept doing it.

At last, he took pity on me, attacked my swollen clit and brought me off. After having it deprived for so long, I exploded into the most intense orgasm I ever had in my life. I kept cumming and cumming, while Andre just kept lapping me up.

When I was finally done, and I thought I could take no more, he stopped and let the head of the table down. I laid there for a few minutes, breathing very heavy. He let me rest before we moved on to the final act of his fantasy. Andre helped me from the table and led me back to the recovery bed. There, I laid flat on my back as he went to work. He turned off all the lights in the office. He then turned on the examination light that was hovering over me. It cast a single eerie beam of light onto my naked body. I couldn't see a thing outside the shaft of light, while the light didn't leave a single area of me uncovered.

I couldn't see him, but I knew he was standing there, watching me squirm. It was driving me nuts, for I knew that sooner or later, he would plunge his hard shaft deep into my wanting pussy. I wanted him like I never wanted anyone before. My moans and groans pleaded with him, and my squirming body called out to him. But he still didn't show himself. Just when I couldn't stand it anymore, he appeared in the light, stripped naked, with his hard manhood standing before him. I looked at it and it was bigger than the other times, and it seemed to be pulsating with power. He said not a word, but climbed on the bed, positioned himself over me, and rammed his

cock deep into my pussy. I gasped as he slammed it in, then moaned with each hard, fast, deep stroke he plunged into me. He worked like a machine, each stroke was just as hard and deep as the last, with a perfect sexual rhythm.

He pumped like crazy, slamming his hips against mine. I built to another climax, hoping he would explode at the same

time. I came hard, moaning loudly, and my whole body tensing up with the thrill of my orgasm. Every part of me tingled, from my hands to my feet, especially my well stuffed love box. It was even better than before. Andre didn't miss a beat. He just continued to ram into me, his hard shaft filling me with each stroke. He continued for a few more minutes before I knew he was about to shoot. He made a soft moan, closed his eyes, and gave one final thrust into me, forcing himself in as deep as he could. His hot juices shot into me, filling me up with his sweet jism. He pumped in what seemed like gallons; just cumming and cumming.

At last, his balls were drained and he slid out of me. He left the shaft of light on me for a few minutes while he recovered. He asked me if I enjoyed his fantasy as much as he did. I truly did, and told him so. To show how much, I pushed him down on the bed and started to suck him off. When my tongue touched the tip of his cock, he hardened instantly. My mouth engulfed it and I began sucking and fucking my mouth with it. Within ten minutes, he was shooting another load of jism down my throat.

I was allowed to dress again. We talked for a few minutes, and I told him how exciting the night had been. The next day, Andre and I met before work to talk again about the prior night. We talked for about an hour. I told him how much I enjoyed the night before, and that I was curious to explore more fantasy sex with him. But this time it was going to be my fantasy so his cock better be ready!

I'm Brooke Haven and I was a nurse for a week. I think guys like fucking smaller chicks because our pussies and asses are usually smaller, too. Plus, it's a lot easier to put us in the positions they want. Being five-foot-two, the bigger the guy is the better because he'll fill me up more and rub my insides better and I like that.
